DONE AT CHURCHILL DOWNS

SUCCESSFUL MEETING COMES TO A CLOSE WITH A DAY OF INSPIRING RACING.

The Lightly-Weighted Raincoat Takes the St. Leger Handicap and Makes a New Track Record for Two Miles and a Quarter.

Louisville, Ky., October 7.—The St. Leger Handicap at two miles and a quarter, the crowning feature of the Churchill Downs fall meeting, which came to a close this afternoon, furnished an upset in the defeat of the popular Hodge, which followed the extreme outsider Raincoat to the finish after a gallant effort. The task of conceding thirty-eight pounds in actual weight to the winner, proved too much for the Weber representative. Unlike the running of the Louisville Cup at Douglas Park, in which Hodge scored in easy fashion, there was a stiff pace from the start and, instead of being kept in the van, restraining tactics were employed on Hodge this afternoon. The early running was made by Hank O'Day, with Water Witch in second place for most of the way and Hodge within respectable striking distance. Hodge responded in game fashion, when called on, but when he moved up on the leaders, Raincoat, which had been reserved far back for the first mile and a quarter, sprinted on with him, beat him to the lower turn and raced into a length's lead, which he held for the remainder of the race in spite of Hodge's efforts to reduce it. Water Witch landed third money, with the others well strung out. Lindenthal's race was a poor one, due partly to the blundering ride he received. Hank O'Day quit badly in the last half. The time of the race 3:35, represented a fine performance and supplanted the former track record of 3:37%, made by Hindoo in 1882. It is several performance and supplanted the former track record of 3:49%, made by Ethelbert at Brighton Beach in 1900.

The St. Leger Handicap was revived in 1914 to take the place of the discarded four-mile Kentucky Endurance Stakes. The St. Leger dates back to 1875, and its condensed history since its institution is as follows:

A better setting for the close of a successful season of racing could not be imagined than that of this afternoon. The weather was ideal, the track in splendid condition and the attendance by far the best of the present meeting. Secretary Pearce provided a card of much merit and it likewise served as a medium for heavy speculation.

The meeting terminating this afternoon and bringing the Louisville racing season to a close, was a satisfactory one in every respect. The patronage was a bit better than that of last year, but the betting, while it reached last fall's proportion, was a trifle short by comparison, as seven races were carded daily this fall as against six last year. The sport was wholesome and interesting throughout.

William Gerst, of Nashville, today announced his retirement from the turf. He will dispose of all his horses in training by auction Oct. 19 in the Latonia paddock. Zal and Hanbridge, as well as ifteen mares he has at his stock farm, will be retained and their produce will be sold annually. Trainer Will McDaniel has been successful with the stable and during the short period that he was in charge won twenty-nine races, was second thirty-three times and third twenty-eight times.

won twenty-mile races, was second thirty-three times and third twenty-eight times.

A majority of the turf followers and horsemen will depart tonight by special train for Cincinnati. The balk of the horses will arrive at the Latonia track tomorrow.

Traine W. McDaniel today sold to K. Spence the four-year-old filly Morsetto, sister to Froglegs.

The ten day's suspensions of jockey Stirling and Martin expired today and both were in the saddle.

NOTES OF THE TURF FROM OTHER LANDS.

It is generally understood that a further flat race meeting at Newmarket will be arranged to take place in November. The meeting will be a substi-tute for the Liverpool and Manchester fall meetings. tute for the Liverpool and Manchester fall meetings.

The king's racing activities still continue at Newmarket, England's racing headquarters. Friar Marcus is apparently a hopeless case, though. In his last appearance, which was in the St. Ives Handicap at the Fifth Extra meeting, he finished fifth.

cap at the Fifth Extra meeting, he finished fifth.

In France there is a great accumulation of foals, yearlings and two-year-olds which American buyers buight investigate to advantage, a recent note in London Sportsman, saying: "If race horse owhers desire to purchase cheap yearlings by Sundridge, desire to purchase cheap yearlings by Sundridge, fock Sand, Rabelais, Willonyx, Cyllene or John o' Gaunt, they should apply at once to Establissement Cheri, Paris, who will send full particulars and catalogues. SIRES OF WINNING AMERICAN TWO-YEAR-OLDS AND RACING RECORDS OF THE YOUNGSTERS

In the racing of this year Star Shoot has added fourteen winning two-year-olds to his already large family of money earners. The veteran Hastings is second to him with thirteen winners, Broomstick third with twelve and Rock Sand fourth with ten. No horse has nine, but Dick Welles and Marta Santa are each represented by eight and Jack Atkin, McGee and Voter by seven each. In the matter of money won by his two-year-olds Broomstick is away out by himself and would still be the leader in that respect with Thunderer's wimnings deducted. Delhi only has two winners, but one of them is the crack Dominant and to him belongs the honor of being the leading money earning two-year-old of 1915 with his total of \$18,945, Tunnderer ranking second to him with \$17,385. Both are grand young horses and it is to be hoped they will thrive through the winter. Two speed marvels of a few years back, Jack Atkin and King James, have begun promisingly as young sires, but in Jacoba the former sent a better representative to the races than the latter was able to muster in his five winners. The sires of our winning two-year-olds and the records of the latter are:

AGAIN DELUGED AT LAUREL

MARYLAND TRACK HAS FURTHER DRENCH-ING AND MUD RUNNERS PROFIT.

The Howard Selling Stakes Brings Disaster to Supporters of Lahore and Blue Thistle when Republican Wins-Pimlico's Fall Stake Program.

Laurel, Md., October 7.—The Howard Selling Stakes was offered as the chief racing feature here this afternoon and resulted in a victory for J. O. Talbott's Republican over good opposition. He was ridden by the diminutive A. Collins and was saved behind the early pacemakers to come from behind and win by a good margin and going away. Spearhead raced into second place over Pullux. The outstanding disappointments of the contest were the poor showing of Lahore and Blue Thistle. The race was not so profitable as it might have been to the Talbott establishment, as to retain the gelding its trainer had to stand a run-up of \$405 over the horse's entered price of \$600.

Race-goers were greeted with another change in track conditions this afternoon when the severe drenching that the course received from more rain. made it once more deep with mud and gave the pronounced type of mud runners another field day. Despite the disagreeable conditions a goodly crowd visited the course and remained through the afternoon's drizzle to witness the running of the card. which, despite many withdrawals, was productive of some good sport.

The halter men were active and made the stable of H. C. Hallenbeck a target. Mr. Hallenbeck was forced to stand a raise of \$705 to retain Harry Junior after he accounted for the third race in an easy manner. He was entered for \$400 and was advanced by Sam Louis.

Daddy's Choice changed owners after the running of the second race, when he was claimed by Emil Herz from the Hallenbeck stable for \$800.

The serial handleaps that are to be decided during the coming fall meeting of the Maryland Jockey Club at Pinilico are to close Saturday. The stakes are the Walden, at one mile, for two-year-olds, the Bowie, for three-year-olds and over, at one mile and three-quarters; the Elk Ridge Steeplechase, for three-year-olds, and the Pimilico Subscription Steeplechase Handicap, for four-year-olds and over. The Serial Handleaps are at three-quarters, one mile and forty yards and one mile and an eighting respectively,

horsemen today.

Captain Edward B. Cassatt came on from the Chesterbrook farm this afternoon to see Spearhead race in the Howard Selling Stakes.

RACING GAINS NEW FRIENDS.

H. K. Knapp, a steward of the Jockey Club, and one of the most active members of that body, is one of many men of affairs throughout the east who find recreation in horse breeding and the racing of thoroughbreds, and anything that he has to say about horses is always interesting.

"It is gratifying to note," said Mr. Knapp a few days ago, "the desire of so many Americans to purchase high-class thoroughbreds in England, and the work has only begun, as several agents of American turfmen and breeders will be at the ringside in France next month when Edmond Blanc will offer what is probably the choicest collection of broodmares in the world. The fact that they will have to remain in France until the close of the war indicates how keen the competition is for the possession of the blood which has kept M. Blanc at or near the top of the winning owners' list for a long period. "The English sales have had American patron-

to remain in France until the close of the war indicates how keen the competition is for the possession of the blood which has kept M. Blanc at or near the top of the winning owners' list for a long period.

"The English sales have had American pattonage," continued Mr. Knapp, "whenever anything of merit was offered, but British turfmen are naturally clinging to their best in the hope that an early peace will permit them to take up the pleasures and recreations to which they have long been accustomed, of which racing is the chief. I have been greatly interested in the statement that England, although she has no government breeding policy such as France, Germany and other continental countries, obtained 170,000 head of cavairy horses that were originally intended for the hunting field, most of them carrying from 50 to 75 per cent, of thoroughbred blood, and that 20,000 officers' mounts, many of them thoroughbreds, were offered by men and women who follow the hounds. This is proof of the extent and importance of racing in England, and the necessity for encouraging a sport which furnished such a valuable aid to a nation that was so unprepared as Great Britain was when Germany invaded Belgium. Had there been no racing in England all these years there would have been no thoroughbreds horses to sire these cavairy and transport horses. The sires of these 190,000 head of British army horses were beyond a doubt clean thoroughbreds, bred primarily for racing. It did not follow that failure to win the classics destroyed their usefulness. They still had their sphere. The race course is the testing ground, and without if the horse produce of any country deteriorates.

"What is true of England is true of the United States," continued Mr. Knapp. "We find a changed sentiment in many sections that were formally infinical to racing, and I believe there will be a still greater revulsion of feeling when the value of the thoroughbred horse is fully understood, Visitors to the Rochester Horse Show and to other big shows in the east,

will grow until it assumes the importance it deserves.

"In the plea which is being made for preparedness in this country there is no more important unit than the army horse. A nation is just as strong as its cavalry and artillery in time of trouble, and we should ever keep before our minds the fact that Europe has taken a great many horses from us this past year. Some of them we could spare, but others we couldn't. Let us guard what we have left that are desirable, and take measures to augment the sapply. The Federal government, it is understood, will render valuable aid in this connection."

GENERAL NEWS NOTES OF THE DAY.

A Paris dispatch of yesterday says: The war office reports that the French infantry, after a heavy bombardment, captured by assault the village of Tahure and reached the summit of the hill of the same name, which constituted a supporting point in the second German line. The capture of Hill 199, also gives a great strategical advantage which is expected to lead to the smashing of the German line. Its fortifications had blocked the way to a permanent French advance. The capture of Tahure apparently has silenced the critical and captious section of the public, which was beginning to declare the advantages won in the battle of September 25 were not being followed up fast enough. The latest news seems to satisfy all and elates most military commentators. It is pointed out that while the capture of the village was a fine feat, the storming of the height nearby—the famous Hill 199—gives great strategical advantage. This hillock was fortified in every imaginable way and bristled with cannon whose barrier fire blocked the way to any permanent advance of the French. It was considered one of the principal pillars of the Germans.

Mrs. Norman Galt, who is to wed President Wilson was Miss Edith Balling. She was born

second line of defense not only by the French, but by the Germans.

Mrs. Norman Galt, who is to wed President Wilson, was Miss Edith Bolling. She was born in Wytheville, Va., where her girlhood was spent, and where her father, William H. Bolling, won distinction as one of the ablest lawyers in the state. Mrs. Galt lives at 2308 Twentieth street, Northwest, in the fashionable section of Washington. She has lived there since her marriage in 1896 to Norman Galt. Her first husband was the son of William M. Galt, head of the firm of William M. Galt, head of the firm of William M. Galt, head of the firm of William M. Galt, which is to Washington what Tiffany's is to New York. Mrs. Galt is an accomplished musician and a pianist of marked ability. She is moderately fond of bridge, but finds more of motoring a fondness for golf, at which she can give a good account of herself. She is plump, about five feet four inches in helefit, and weighs 140 pounds. She is a typical brunette, with masses of black hair and large hazel eyes. Although her husband died in 1908, she has never until the last year appeared in anything save black, gray, and dull blue. This summer for the first time sne has worn white silk.

Information reaching the British government indicates that 800,000

dull blue. This summer for the first time she has worn white silk.

Information reaching the British government indicates that \$90,000 Armenians have been exterminated by the Turks since last May, the marquis of Crewe told the house of lords yesterday. This information, he said, was collected by Viscount Bryce's commission, which reported that virtually the entire Armenian race had been wheel out. "Our only hope of saving the remnants," he said, "rests with neutral powers who may exert influence with Germany. The government has official information only from Tiflis, where it is known the Armenian population of one district was exterminated. History shows no parallel to this hideous crime, but England can do nothing at this time. The government knows well that an appeal to the sultan would be useless, "The death of these people," said Viscount Bryce, "resulted from the defiberate and premeditated policy of the gang now in possession of the Turkish government. Orders for the massacres came in every case direct from Constantinople. In some instances local governors, being humane piens men, refused to carry out the orders and at least two governors were summarily dismissed for this reason."

King Ferdinand of Bulgaria rejected Russia's ultimatum demanding that she break with the central powers and expel German officers who have taken charge of Bulgaria's army staff, and at the same time, say several correspondents, sent an ultimatum to Serbia, allowing twenty-four hours for the cession of Macedonia to Bulgaria. The program of the Germanic empires apparently includes consolidation of their field operations with their Turkish allies by sweeping clear a path from Berlin and Vienna to Constantinople. For the accomplishment of this program they have already obtained the co-operation of Bulgaria. They need the neutrality of Greece and Rouman'a and then must crush Serbia. Developments of the day tend to confirm the statements of the German press that the German emperor has guaranteed to Bulgaria both Greek and Roumanian neutrality. Thus the crucial field of warfare has shifted from the French and Russian fronts to the Balkan Peninsula, where German success would mean realization of Imperor William's ambitions for expansion toward India and Asia.

Emperor William's ambitions for expansion toward India and Asia.

Congratulations came from oficials, diplomats, friends and relatives of President Wilson today following the announcement of his engagement to Mrs. Norman Galt of Washington. The fact that the President of the United States, on whom the cres of the world have frequently been focused in the last few months of the European war, had decided to marry again, gave the national capital a topic of absorbing interest which for the moment overshadowed all questions of international or domestic politics. The news came as a surprise to all but a few intimate friends who knew that the friendship of the President for Mrs. Galt had developed into an intimacy that presaged marriage. That Mrs. Galt had become a companion of the President was known, however, in official and society circles, because sie appeared frequently with him not only on motor rides but at baseball games. Unable to determine upon any course which might frustrate Mayor Thomoson's closing order, owners of 7.152 saloons in Chicago yesterday decided to obey the law for one Sunday at least, and not open their bars. This program will be followed unless an eleventh-hour decision to change it is made. Scores of attorneys retained by the various organizations of "wets" searched statute books, decisions and precedents to learn whether some court action could be taken, Many saloen keepers offered to remain open, submit to arrest and make test cases in an attack on the law, but were advised against such action.

Mayor Mitchel of New York has announced the appointment of an executive committee of seven

against such action.

Mayor Mitchel of New York has announced the appointment of an executive committee of seven with Cornelius Vanderbilt chairman, which is to form the nucleus for a citizens' committee of 1.000 "representatives of all businesses, trades, professions and occupations to promote a general understanding of the problem of national defense, and of the necessity for the enactment into law of a substantial and vigorous national defense program."

program."

A billion-bushel wheat crop, the greatest ever grown in any country, has been produced in the United States this year. The government's pre-liminary estimates of the great crop, made yesterday, placed it at 1,002,629,000 bushels, or 111,000,000 bushels larger than the record crop of 1912. The corn crop, now approaching maturity, is estimated at 3,026,169,000 bushels, or 98,000,000 bushels less than the record.

Dushels less than the record.

A dispatch from Athens of October 6, via Paris, yesterday, says: British troops began to land yesterday at Saloniki. French troops are disembarking a mile and a half from the town and are being concentrated in a camp located on ground cenceded to Serbia after 1913, upon which to build warehouses. From this point they are entrained as quickly as possible for Gievgeli on the Serbian frontier.

A significant dispatch from Berlin of late yester-day says: Large German and Austrian forces have invaded Serbia. The Teutonic troops have crossed the Drina, Save and Danube rivers at many places, the war office announced today. It is stated that the invading troops have established firm footholds on the other banks of the rivers.

A Havas dispatch from Zurich to Paris says re-erts received there indicate that considerable forces German and Austrian troops have been with-rawn from the Rusian Galician front and sent southern Hungary aeross Transylvania to take trt in the offensive against Serbia.

A special to the Paris Petit Journal from Athens says the rupture between King Constantine and M. Venizelos followed a visit of the German minister to the king ingmediately after the session of the chamber at which Venizelos outlined the policy he expected Greece to follow.

The Petrograd correspondent of the London Morning Posts says: Anti-war demonstrations have occurred on a serious scale in some districts of Bulgaria and a state of siege has been proclaimed in order that this discontent may be dealth with.

order that this discontent may be dealth with.

The government of the Philippine Islands is reported to be negotiating for the purchase of stock
of the Manila Railroad, the securities of which
now are held chiefly by a syndicate headed by
James Speyer, the New York banker.

King Constantine of Greece has asked Alexnuder Zaimis, a former premier, to form a cabinet,
which probably will be a coalition, with Venizelos
excluded altogether, say dispatches from Athens.

The Dutch steamer Texelstroom, 1,600 tons, has
been sunk by a German submarine. Twenty of
the crew were landed.
